INFORMATION

The Swedish Board of Student Finance (CSN) is the official agency in Sweden that processes applications for grants and loans for studies in Sweden and abroad. When a student applies for funding CSN always checks that the previous academic year's studies have been successfully completed. This certificate is to confirm that a student has passed the required exams and can be promoted to the next academic year. *All sections of this form are to be completed.* It is essential that the form bears an official stamp and is signed by a representative of the institution.

OTHER INFORMATION

A student who fails to successfully complete a course or for any other reason is unable to be promoted to the next academic year must provide a document together with this certificate showing academic progress to date. If there are specific reasons why a student has not successfully completed the course these should be given in the section *Other information*. Either the student or the institution can describe the reasons. Any evidence, e.g. medical certificate, should also be attached as a separate document. Only in extenuating circumstances is it possible to award funding

although the academic requirements have not been met.

FOR THE STUDENT

To send the form

You can return the form in different ways:

- along with your application for student grants and loans for studies abroad in Mina sidor at www.csn.se
- by mail to CSN Postservice, 838 71 Frösön.

If we asked you to send in this form in connection with more information, you can use the service Lämna fler uppgifter in Mina sidor at www.csn.se.
